

WEDNESDAY MORNING, FEBRUARY 3, 1920.

NEW PEACE MOVE BY SOVIET RUSSIA

WILL BILL IS UP TO VOTE

Conference Report is Concluded.

Lock of Three Months Ends by Agreement of the Conferees.

Opposition is Anticipated in Either House by Party Leaders.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Feb. 2.—Three months of bickering and almost unbreakable deadlock in the oil-land leasing bill were ended late today through agreement by conferees on the legislative committee. Senator Smoot, Republican, Utah, chairman of the conferees, announced the conference report would be submitted to the House tomorrow and an effort made to obtain immediate consideration.

The agreement of the conferees was expected to be approved with little opposition by both houses, thereby completing legislation which has been pending for the last ten years and which would open up for settlement approximately 75,000,000 acres of public domain in western states.

Last session a similar bill was introduced, but the Senate failed to act on it. The conferees agreed to the measure, which would open up for settlement approximately 75,000,000 acres of public domain in western states.

Under the measure, approximately 45,000,000 acres of government land alone would be opened for development, as well as 30,000,000 acres of oil lands.

The bill specifies only a minimum royalty of 12 1/2 per cent on oil, and 10 per cent on coal. The conferees agreed to the measure, which would open up for settlement approximately 75,000,000 acres of public domain in western states.

Under the measure, approximately 45,000,000 acres of government land alone would be opened for development, as well as 30,000,000 acres of oil lands.

FAST TRADE JAPS' GOAL.

England of Orient, Nation's Dream.

Drunk with Luck, Newly-Rich Plan to Corner Market of Billion Buyers.

Ten Millions Invested in Her Cotton Industry, Which Pays 70 Per Cent.

(BY FRAZER HUNT.)

(Tokio Specials.)

TOKIO (Japan) Feb. 2.—Japan today, drunk with super profits, speculation and ambition, is planning on being the England of the Far East. She dreams of manufacturing and selling the things that the 1,000,000,000 people of the Orient want.

Like a rocket, she shot in three or four short years from a poor, struggling nation to a rich, successful and ambitious one, with scores of prosperous industrial institutions paying from 50 per cent to more than 100 per cent dividends annually.

She has scores of new mushroom millionaires—"barons"—who, drunk like the rest of the nation with luck and fortune, see Japan, with its cheap labor, the great industrial nation of the east.

At present Japan is on a wild buying spree, particularly in regard to cotton machinery. For her cotton industry alone she has contracted for more than \$10,000,000 worth of spindles, although this special phase of her buying is due to her pledges given at the Washington labor conference to shorten her hours of work from twelve to ten and to do away with the night shift for women and girls.

But numbers of new cotton manufacturing companies are likewise being organized, fascinated with the annual profits of 70 per cent to 100 per cent of the last two or three years.

With all the rest of the world busy with active warfare, Japan is only real contribution was a handful of destroyers in the Mediterranean. The work was done by the Pacific, was able to gobble all the trade in the Far East. Germany was shut out of the field, England's army goods and her ships were busy with war work.

Japan, waiting for just such a chance, made the best of her golden opportunity. She worked day and night, doubled, trebled prices, turning out much that was inferior, but always getting away with it, because there were no other goods to buy in the world.

But today she finds America a much stiffer competitor than ever, while England is starting on the big drive.

TWO MORE FLYERS HELD.

Port Bliss Aviators Lose Direction and Land at Nacozari, Mexico.

(BY A. P. NIGHT WIRE.)

DOUGLAS (Ariz.) Feb. 2.—Lieuts. Usher and Wolf, aviators, flying from El Paso to Nogales, Ariz., made a forced landing today near Nacozari, Mex., seventy-nine miles south of Douglas. They are reported to be in the municipal authorities of Nacozari.

The men, according to reports reaching here, are being well treated. Nacozari, where the men are detained, is the seat of the Moctezuma Copper Company, a subsidiary of the Phelps-Dodge Corporation, and has an American population of about 200.

Headquarters of the Arizona district has been notified of the occurrence and is investigating.

EL PASO, Feb. 2.—Maj. Gen. Robert L. Howze, in command of the El Paso district, said tonight he had no fears for the safety of Lieuts. G. L. Usher and L. M. Wolf, the army aviators, who made a forced landing at Nacozari, Son., today.

DAVIS AND GRIMES FREE.

(BY A. P. NIGHT WIRE.)

LAREDO (Tex.) Feb. 2.—Lieuts. E. F. Davis and G. E. Grimes, American army aviators, who returned to United States soil from Mexico yesterday for their release by Mexican authorities said today they had been shown "every attention" by the people of Guerrero.

LATEST NEWS.

(BY THE ASSOCIATED PRESS.)

Irish Chiefs May Quit

LONDON, Tuesday, Feb. 2.—The possible resignation of James Macpherson as Chief Secretary for Ireland again is being discussed freely in Dublin and rumor also is busy with the name of Field Marshal Viscount French, the Lord Lieutenant, according to the Daily Mail's Dublin correspondent. "The authorities at Whitehall (army headquarters in London) and at Dublin Castle are not pulling together," says the correspondent.

Tammany Wars on Reds

NEW YORK, Feb. 2.—Tammany Hall declared war on radicalism tonight. A session of the Sachems and Braves decided to inaugurate the campaign at a monster mass meeting Washington's Birthday, in which leaders of all political organizations will be invited to co-operate. The meeting, it was announced, is planned to open a campaign of education, in which printed matter, speakers in public schools and clubs and clergymen will be enlisted to prevent the spread of all political organizations will be invited to co-operate. The meeting, it was announced, is planned to open a campaign of education, in which printed matter, speakers in public schools and clubs and clergymen will be enlisted to prevent the spread of all political organizations will be invited to co-operate.

Hint to Get ex-Kaiser

AMSTERDAM, Feb. 2.—According to the Handelsblad, it is quite probable Holland would consent to extradition of German war criminals. The paper says that if extradition were asked on the grounds that they actually are vicious or criminal. In the event that the request were based on some act of the ordinary course of war or reprisal ordered by superior orders, the case would be different. The Handelsblad adds that if the extradition of former Emperor William had been decided upon on actual criminal grounds instead of political grounds Holland's reply might have been different.

L. A. Dealers Appeal

SAN FRANCISCO, Feb. 2.—Petition for the review of certain proceedings of the Federal Trade Commission regarding an alleged combination against the Los Angeles Grocery Company was filed here today in the U. S. Circuit Court by the Western Sugar Refining Company and Haas-Baruch & Co. This was said to be the first case on the Pacific Coast in which the Appellate Court was asked to review findings of the Federal Trade Commission, which had decided that the Western Sugar Refining Company, the Hawaiian Sugar Refining Company and Haas-Baruch & Co. had combined against the Los Angeles Grocery Company to prevent it from buying and selling commodities in interstate commerce.

TWO CONTROL REPORTS ON JAPANESE PROBLEM.

ONE IS FOR GOVERNOR AND THE OTHER FOR LEGISLATURE, SAYS DEMOTTE.

(EXCLUSIVE DISPATCH.)

SACRAMENTO, Feb. 2.—Contrary to common belief, Marshall Demotte, chairman of the State Board of Control, declared today that the Board of Control is preparing two reports on the Japanese question in California—one to the governor and the other to the legislature and for the exclusive use of the 121 Legislature.

According to Demotte, the report for the Legislature will contain data, such as information on the population of the Japanese in California, from the United States 1920 census report, and will not be completed for several months.

In the report to Gov. Stephens, said Demotte, will be embodied information specially requested by the Governor, and which is not asked for by the Legislature.

Demotte explained that it would be impossible for the Governor, the board or anyone else to give out any information contained in the report being made for the Legislature before it was presented to the Legislature.

In an interview with the Los Angeles Times representative, which the Governor today stated was correct, Demotte declared to say when the Board of Control "will be ready within a comparatively short time."

Demotte declined to say when the report will be ready. He explained the report is a confidential matter between Gov. Stephens and the board members. However, the fact that Gov. Stephens has publicly stated the report will be in a short time, and in view of the fact he is constantly advised as to the progress of the report, indicates the Board of Control's special report soon will be in the Governor's hands.

ARGENTINA FEARS ENGLISH PLAN SEIZURE OF VESSEL.

American Consul-General Involved in an International Row Over Ship Bought from Germany.

(BY CABLE AND ASSOCIATED PRESS.)

BUENOS AIRES, Feb. 2.—Announcement is made that the proposed sailing of the former German steamship Bahia Blanca for the United States has been postponed until February 15 as a result of demands by some shipping firms that before loading the cargo they be given guarantees by the Argentine government that the ship would reach her destination.

The firm of Newberry and Fernandez-Beschedt petitioned the Foreign Minister for written guarantee to this effect, but it was refused on the ground that the Argentine flag was not committed to any expression of opinion as to the status of this ship, being deterred by the fact that the peace treaty still is unratified by the Senate. One of the articles of the treaty provides for transfer to the Entente powers of all of the German mercantile ships above a certain size, and it is understood the question now is whether the Bahia Blanca is to be transferred to the Argentine government before conclusion of the armistice.

The American view has been that such a transfer would be legal, but the French and British governments have held that it is not legal during the war.

There are interesting possibilities of legal proceedings in American courts if the Bahia Blanca appears in an American port without being held up by a British or French cruiser on the high seas.

WASHINGTON, Feb. 2.—American Consul-General Robertson at Buenos Aires today announced that the State Department is undertaking to give the necessary papers to the former German steamship Bahia Blanca to clear for an American port. This has been done on the ground that regardless of title to the ship herself, the cargo may be landed immediately, if it can be shown that the ship is not being held up by a British or French cruiser on the high seas.

MEREDITH HOLDS SOLUTION OF HIGH COST PROBLEM IS UNITED EFFORT ON PART OF ALL CLASSES.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Feb. 2.—Elimination of useless employees in non-productive business, the speeding up of all lines of industry, cooperation with present activity of the farmers and determination of retailers and jobbers to exact only a reasonable profit were recommended as a solution for the high cost of living problem by Edwin T. Meredith, on taking the oath of office today as Secretary of Agriculture.

The high cost of living problem, he asserted, cannot be solved through the efforts of one class, but all business and all labor must recognize the solution as a common duty. Let us have six-tenths of farm produce to divide among the whole people and higher and higher prices of what is produced.

"The farmers of America," said Secretary Meredith, "are willing to assume their part of the responsibility as American citizens in meeting the problem of the high cost of living. Let us have six-tenths of farm produce to divide among the whole people and higher and higher prices of what is produced."

JAP BIRTH RATE CLIMB AMAZING.

More Slant-Eyed Babies than White Ones, January San Joaquin Record.

(BY A. P. NIGHT WIRE.)

STOCKTON, Feb. 2.—Showing an amazing increase in California, the Japanese birth rate in San Joaquin county, which only a month ago was one-third of all birth, climbed to a place ahead of those born to American parents in January. Records of the County Recorder's office for last month show a total of twenty-one Japanese children born in San Joaquin county, outside the incorporated cities. The same records show but twenty children born to American white parents.

ASSERT WILSON OUSTED PORTLAND POSTMASTER.

INSPECTOR IN CHARGE, BUT MYERS SAYS HE WILL FIGHT FOR HIS POSITION.

(BY A. P. NIGHT WIRE.)

PORTLAND (Or.) Feb. 2.—Chief Inspector Robert Barclay of Spokane, who took charge of the Portland postoffice today, announced that he had been advised from Washington that President Wilson had signed an order removing Frank S. Myers from the position of postmaster at Portland, effective January 21.

Myers, upon being advised of the President's action, said he intended to fight to retain his position, claiming that without the concurrent action of the Senate, he could not be ousted from the postmaster position.

The Postoffice Department has not made public its reasons for asking Myers' resignation, but stating that friction existing between the postmaster and Harry Durand, assistant postmaster, necessitated the removal of both.

Myers' resignation was announced several days ago. His friends have stated they would endeavor to have him reinstated. He was under civil service and had been a postoffice employee for many years.

Harvey G. Starkweather, chairman of the Democratic State Central Committee, made public today the following telegram which he sent to Senator Townsend, chairman of the Committee on Postoffices and Post Roads:

"A high-handed attempt is being made to remove Postmaster S. S. Myers to place a faction of the Democratic party in this State. He has made an excellent postmaster for many years and has no opportunity to answer them. When the Senate takes up his case, please have it referred to your committee, and a thorough investigation made. The postmaster may have his day in court."

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Feb. 2.—Meat packers in the United States are working on a narrower margin of profit than at any time in the past three years, according to statements made today at a special meeting of the National Meat Packers Association.

Meat Packers, called to consider the organization of Coast packers into a branch of the institute, said today that the principal speakers were Edward F. Trefz, of Los Angeles; T. W. White, of Detroit, and A. D. White, of Chicago.

A proposal of general organization of the Coast packers into a branch of the institute was considered and will be acted upon tomorrow, it was announced. This proposal provided for appointment of Charles S. Hardy of San Diego, as Coast chairman. Hardy is a vice-president of the institute and presided at today's meeting.

Robert Graham, head of the British food commission to the United States, will address the delegates tomorrow, it was announced. Consideration of the report prepared by a special committee on the general five-stock situation in the United States and pending legislation affecting the packing industry also is on tomorrow's programme.

At the meeting are representatives from all large cities on the Pacific Coast and Phoenix, Salt Lake City, Orem, Chicago, Detroit and New York City.

Among those present are E. E. Snyder and Fred Tribolet, Phoenix, Ariz.; F. M. Hauser and R. H. Jeffries, Los Angeles; H. L. Nichols and R. W. Chapman, Reno, Nev., and E. A. Torres, Ariz.

MEXICO'S INDUSTRY SECRETARY RESIGNS.

(BY A. P. NIGHT WIRE.)

MEXICO CITY, Feb. 2.—Gen. Plutarco Elias Calles, Secretary of Industry, Comed Minister of Labor, today resigned his position as Governor of the State of Sonora.

Francisco Murguía, formerly chief of military operations in the States of Coahuila and Tamaulipas, has been named to succeed Calles, according to semi-official reports.

INVITE POLES TO CEASE WARFARE; ALLIES MAY ACT

(BY CABLE AND ASSOCIATED PRESS.)

COPENHAGEN, Feb. 2.—The text of the Soviet government's peace offer to Poland promises that Red armies will not cross the line of the present front in White Russia. It makes a similar promise on behalf of the provisional government of the Ukraine. M. Litvinoff, Bolshevik representative, questioned reports that strong Russian forces are massing on the Polish and Rumanian frontiers, said Russia naturally had taken precautions, but that her great desire was to make peace and demobilize her armies immediately peace is signed.

PACT FIGHT ADVANCED.

Lodge Springs Big Senate Surprise.

Washington, Feb. 2.—Confirmation was received today that the Polish government, in conjunction with the Allies, is considering the offer of peace made by Soviet Russia. The offer, which was contained in a Moscow wireless dispatch last week, invited a friendly settlement of all outstanding questions between Poland and Soviet Russia.

Stanislas Patek, Polish Minister of Foreign Affairs, who has been in London recently consulting Premier Lloyd George, was due back in Warsaw Sunday.

It is believed here that the Allies favor the peace negotiations, but, according to M. Szeplak, the Polish Minister here, the entire matter will be discussed by the Polish Diet after it has heard the result of M. Patek's discussions in London and Paris.

M. Szeplak said today the Poles had no intention to attack Soviet Russia, although they realized the necessity for holding a strong defensive position.

PEACE FOR ESTHONIA. Peace was definitely concluded this morning between Esthonia and the Russian Soviet government. It is announced in a wireless dispatch from Moscow, received this afternoon. A Bolshevik raider is reported to have occurred at Tiflis and Kutais in Transcaucasia. Both cities are declared to be in the hands of the Reds.

The Bolshevik delegates at Dorpat declare that Poland has abandoned her military preparations against Russia, which were to be followed by simultaneous attacks upon Moscow and Petrograd, according to a Central News dispatch from Reval, Esthonia, today. Poland has taken this course, the delegates say, because Livonia, "in accordance with the peace treaty with the Soviet Union, has promised to place her army and the harbor of Reval at Poland's disposal."

BERMONT INSANE. Col. Avaloff-Bermont, commander of the Russian German forces which attacked Riga during the autumn of 1919, has become insane, according to a dispatch from Reval, Esthonia, today. Poland has taken this course, the delegates say, because Livonia, "in accordance with the peace treaty with the Soviet Union, has promised to place her army and the harbor of Reval at Poland's disposal."

ASKS SIBERIAN DATA. WASHINGTON, Feb. 2.—Secretary Lansing was requested in a resolution introduced today in the House to transmit to Congress a comprehensive statement covering all phases of the Siberian situation, with respect to American military occupancy, and information bearing on verbal or other agreements concerning such occupancy made between the United States and Japan or other allies.

REED ANSWERS GREY. As soon as a resumption of open discussion seemed assured, leaders of the two parties sought a method of keeping the debate within reasonable bounds. During the closing hours of the last session, the Senate did not mean the leaders said: "Oh, that isn't fair to your client." I'd quit the practice of law. Yet Lord Grey tells the American Senate that's just what happened in the League of Nations negotiation.

"I'm getting a little tired of being warned from across the water that the United States will be dragged into the next war. There have been 104 wars between 1812 and 1918 in Europe, fifty of major importance, and we kept out of all but two. 'Great Britain dragged us into the first. I don't think she will repeat the mistake and if she would, I don't want her as a partner in the league. Will France? The bodies of our dead would cry up to your people from her soil, the dead who

FUR PRICES SOAR AT AUCTION IN ST. LOUIS.

ST. LOUIS, Feb. 2.—More than \$4,000,000 worth of furs were sold today at the opening of the winter auction of the International Fur Exchange. Price advances were reported in nearly every lot sold.

Nine thousand government seal skins brought \$125,000, and 4,000 for the Canadian government netted \$572,000. The top price on seal was \$175 a pelt, a 55 per cent. increase over last September.

At the afternoon session \$500 Persian lamb brought \$19,000, an advance of 30 per cent. Some choice skins brought \$22.50 apiece. Russian squirrel advanced 30 per cent. 1,200,000 selling for nearly \$2,000,000. Other lots today included \$50,000 mink, which brought \$2,000,000; 540 beaver, \$97,500; 2800 skunk, \$14,000; 124 caracul, \$6600, and 18,000 beaver, \$25,000.

Buyers asserted the high prices reflected the small supply of furs, which was expected to be sold during the season, which will continue two weeks.

Lord Grey Stays Hand of Fanatic Sinn Fein American Publicists.

VISCOUNT CALLS TIME ON HATRED

Exposes Business of Efforts of Mischief-Makers.

Shows that England Wants to Play Fair with America.

London Thinks Utterance will Check Vicious Propaganda.

LONDON, Feb. 2.—Viscount Grey's letter relative to the ratification of the peace treaty is described by the London Times as a communication probably unique in the history of diplomacy. It is heartily welcomed by the serious-minded people here as most opportune at a time when, as the Westminster Gazette says, "mischief-makers are active in fomenting ill will between Great Britain and the United States."

Remembering that there are periods like the present when matters are so grave that they bring a renewed sense of the problems as they are provoked by fanatics, J. L. Garvin reviews in the Observer the history of Anglo-American relations. He says: "The heart and soul of Lord Grey's plea for patience and faith, and that nothing but a sense of the problems as they are provoked by fanatics, can bring about a better understanding of the situation."

He says that the worst side of the war is the worst side of the war.

He says that the worst side of the war is the worst side of the war.

TAFT ON LORD GREY'S LETTER.

Praises Treaty Discussion as Statesmanlike Utterance Intended Not Only to Allay English Irritation, But to Guide America to Speedy Ratification.

By William Howard Taft.

Lord Grey's letter on the ratification of the peace treaty, sent to the London Times, is a most important and significant contribution to the situation. The first impression of the letter gives the impression that it was prompted by the manifestations in the English press and otherwise, of hostility to the United States, and that it is a statement of the statesmanlike utterance intended not only to allay English irritation, but to guide America to speedy ratification.

BILLS IN CONGRESS.

WASHINGTON, Feb. 2.—Exchanges of government lands for privately-owned tracts in Hawaii would be permitted under a bill passed today by the House.

A bill providing for the granting of Statehood to the Territory of Hawaii, under qualifications to be determined by Congress, was introduced today by Representative Kahanamoku.

Declaring that the wheat price guarantee act was being administered as a means to keep down wheat prices, Senator Gurnea, Republican, North Dakota, gave notice in the Senate today that he intended to introduce a bill providing for its immediate repeal.

A bill to abolish subsidies to railroads, introduced by Representative Hamilton, New York, was passed today by the House.

PHELAN AGAINST EUROPEAN LOAN

Senate Warned Nations are not Paying Debts.

Money Owed America Used for Exploitation, He Says.

Country in Unfair Competition, also Charged.

WASHINGTON, Feb. 2.—Senator Phelan warning the Senate of the harmful effect of European loans on American commerce, announced his opposition to the plan to advance further money out of the United States treasury on the ground that it would be of mutual benefit to compel other countries to depend upon their own resources.

The Senator said that, instead of paying their debts to this country, these debtor nations are turning their money into other channels. He pointed out that for the most part, foreign countries are using their money to exploit our resources.

How this policy reacts harmfully on America was illustrated by the Senator's declaration that this country is being exploited by the European nations.

He said that the European nations are using their money to exploit our resources.

He said that the European nations are using their money to exploit our resources.

OIL LEASE BILL FIGHT IS OVER.

(Continued from First Page.)

and sodium, but 5130 acres of oil shale lands can be leased.
The Senate remedial provisions, which are designed to permit an adjustment of differences over claims growing out of the development of the naval reserves in California and Wyoming, was retained in part. Under a compromise proposed by Representative Smead of Oregon, chairman of the House committee on public lands, the maximum allowed by the bill, and made after October 1, would be invalid. This modification is designed to prevent land juggling.

"TEMPEST IN TEAPOT," IS ROOSEVELT CHARGE.

HE EXPLAINS WHAT HE MEANT BY "UNPREPARED" REMARK ABOUT NAVY.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Feb. 2.—Assistant Secretary Roosevelt issued a statement today taking issue with a report of certain remarks made by him yesterday in a speech in Brooklyn. He said an attempt had been made to make a sensation out of his use of the word "unprepared" in connection with the condition of the navy prior to February, 1915. He explained that what he did say was that the navy was "unprepared" in the sense that it was not a "peace" fleet.
"I did not state that I was 'unprepared' by the President," he continued. "I said that the navy was 'unprepared' in the sense that it was not a 'peace' fleet. That is the only sense in which I used the word. It is perfectly true that if officers of the navy, and if the Secretary and I could have thought 'only of the navy and forgotten the existence of Congress and our relations with other nations, the nation would have been misled and hundreds of millions would have been spent long before we got into the war.'"

CHURCH SHOULD ENTER INTO COMMUNITY LIFE.

(BY A. P. NIGHT WIRE.)
PITTSBURGH, Feb. 2.—The church must enter more fully into community life if it is to do its duty, according to the report of the first annual conference of the laymen's conference of the International Church World Movement, which closed a three days' session today.
The report was submitted by President H. R. Revel, of New York, and recommended acceptance of the International Church World Movement, which closed a three days' session today.

In the Spotlight at the Centralia Armistice-Day Murder Trial of I. W. W.

Yon of the 14th defendants charged with the murder of Warren C. Grimm.

MAKING PROGRESS IN CENTRALIA RED TRIAL.

TWELVE TEMPORARY TALES-
MEN SEATED; TWELVE
CHALLENGES LEFT.

(BY A. P. NIGHT WIRE.)
MONTESANO (Wash.) Feb. 2.—Twelve men were in the jury box when court adjourned today in the trial of eleven alleged I.W.W. charged with the murder of Warren C. Grimm, one of the victims of the Centralia Armistice Day shootings. Six of the eighteen peremptory challenges allowed the prosecution and defense had been exercised.

What is said to have been the best day's progress since the trial started one week ago, was made today.

Ten veniremen have been excused during the last few days, because of illness, nearly all of them suspected influenza cases.

Two temporary jurors were promptly challenged today by the defense.

Mr. Kirschstein, the Spiker's attorney, said he received letters offering financial assistance to the girl, Mrs. Spiker, for her "magnanimous action and her sweet and forgiving nature," and commending Guy Spiker for his "chivalrous offer."

Guy Spiker said he had come here today to marry Miss Knowles if she would consent. If she accepted his proposal, he said, he would ask the immigration authorities to place the English girl temporarily in charge of his sister-in-law.

Spiker added, "that I am doing this on my own initiative. I do nothing as a matter of tradition. I'm an American, born here, and my family before me was born here. I wish to marry this girl and if she will consent to it, I will marry her today if it can be arranged and if it cannot be, I will marry her at any time. I have had abundant time to consider what I am doing and I believe it is right."

Mrs. Cora M. Spiker, the wife, went to Ellis Island to complete formalities for the admission to this country of Miss Knowles, an English worker, who was detained with her baby on the way to join Mrs. Spiker and her husband, Lieut. Spiker, whom she met at a camp

14 per cent. wage increase had applied throughout 1919, the mines embraced in the Pittsburgh Coal Producers' Association would have faced a deficit of more than \$4,000,000, or 30 cents a ton on a basis of a 6 per cent. return on capital invested.

This condition would have been approximated closely, the committee was told, by operations represented in the Pittsburgh Vain Operators' Association, and the Central Illinois coal bureau as shown by 1919 net earnings. Mines embraced in the Southern Ohio coal exchange, the Indiana Coal Operators' Association, and in other large association districts, the operators contended, would have nothing left as compensation for investment capital. Net earnings of the Illinois Coal Operators' Association not only would be wiped out by deduction of a 14 per cent. wage increase for the twelve months of 1919, it was said, but would fall short of nearly \$1,500,000 of meeting expenses.

Tables showing the gross earnings of all classes of bituminous mine workers in the central competitive field during the ten-month period immediately preceding the walkout on November 1 compiled from "pay roll records" were presented in evidence before the commission today by the operators.

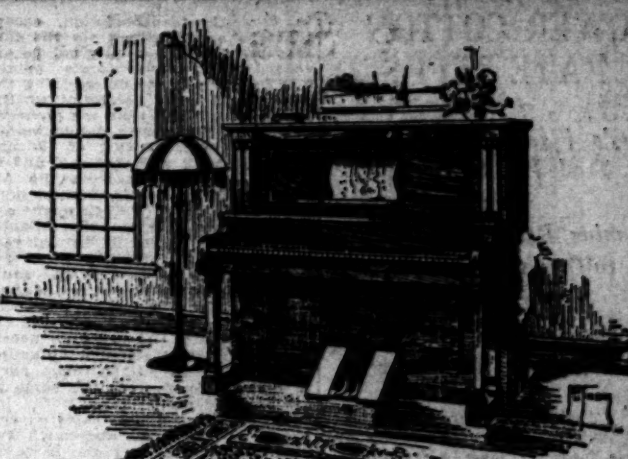

They were challenged by John L. Lewis, acting president of the United Mine Workers of America. C. E. Leisher, statistician of the National Coal Association, said the figures were secured from "representative mines," and that he believed them "truly representative."

Woman's League Head is Through.
WICHITA (Kan.) Feb. 2.—Mrs. C. H. Brooks of Wichita, national chairman of the League of Woman Voters, has announced that she will not be a candidate for re-election at the national meeting of the league, to be held in connection with the fifty-first congress of the National Equal Suffrage Association in Chicago, February 12 to 18.

Postpone Army Medal Inquiry.
WASHINGTON, Feb. 2.—Investigation of army medal awards will be postponed until the War Department has compiled and submitted to Congress a list of all officers who received them. It was announced today by Chairman Johnson of the House subcommittee investigating War Department expenditures.

SOON RETURN RADIO STATIONS.
WASHINGTON, Feb. 2.—Private-owned wireless stations now controlled by the Navy Department are to be restored to their owners "as soon as peace is declared." Rear Admiral Griffin, Chief of the Bureau of Steam Engineering, today told the House Naval Committee. Eleven high-power stations of the Marconi Wireless Company are the principal ones to be affected.

Ship Board Hopped, But Favored.
(BY A. P. DAY WIRE.)
WASHINGTON, Feb. 2.—Although criticizing the present Shipping Board and its personnel for alleged waste and mismanagement, Philip Manson, president of the Pacific and Eastern Ship Company, New York, appearing today before the Senate Commerce Committee, urged the retention and operation of the government of its present merchant fleet.

An Aeolian-Made
PLAYER PIANO
for
\$625

Every home in Los Angeles should have a good Player Piano. In the Aeolian-made Player at \$625 there is the same type of excellent construction found in the Player and in the Duo-Art Reproducing Piano, also made by the great Aeolian Co. (there is only one "Player"). The name designates one distinct type of Player Piano. The Player and the Duo-Art are made in the Steinway, Steck, Stroud and the famous Weber models. Prices on Player Pianos begin at \$725.

Come in and hear this popular \$625 Player Piano. Very easy monthly terms. We will take your old talking machine as part payment.

FLU ON WANE;
CASES DECLINE.

New York is Threatened by

Heatless Days.

Engineers, Firemen to Strike

for Wage Increase.

Chicago Reports 374 New

Pneumonia Cases.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 2.—Influenza

and pneumonia cases continued to

wane here today. New cases of in-

fluenza totaled 2473, or 1318 less

than the number reported yesterday.

Today's pneumonia cases were

534, or 141 less than yesterday's.

Ninety-four deaths from influenza

were reported, a decrease of ten,

and there were 109 deaths from

pneumonia, a decrease of eleven.

Efforts to avert the strike of sta-

tionary engineers and firemen

scheduled for next Wednesday have

been unsuccessful. Health Commis-

sioner Copeland announced tonight

after a conference with hotel prop-

rietors, real estate men and office

building managers. He said he

viewed the situation with "concern"

and unless the walkout was

prevented by adjusting the de-

mands of the men, lives and prop-

erty in the city would be menaced

by "heatless" days. The commis-

sioner will make another effort to-

morrow to effect a compromise.

CHICAGO IMPROVES.

(BY A. P. NIGHT WIRE.)

CHICAGO, Feb. 2.—Deaths from

influenza and pneumonia in the last

twenty-four hours decreased from

the number reported Sunday but

new cases of the disease have in-

creased more than 200.

Influenza totaled 302 patients

with eighty-ninth deaths and pneu-

monia numbered 374 with sixty-nine

deaths.

KANAB HAS 11,870.

(BY A. P. NIGHT WIRE.)

TOPEKA, Feb. 2.—With more

than 11,870 cases of influenza in

Kansas and new cases being re-

ported by the hundreds daily, the

State Board of Health today issued

a State-wide call for volunteer

nurses.

EVERY COUNTY AFFECTED.

(EXCLUSIVE DISPATCH.)

SANTA FE (N. M.), Feb. 2.—The

influenza epidemic in New Mexico

today reached such proportions that

the State health department asked

the U. S. Public Health Service to

detail two officers to organize relief

work and the Red Cross to render

aid in the epidemic. With two

exceptions every county now has

active cases. So far the death rate

has been exceedingly low.

SMALL POX IN PORTLAND.

(BY A. P. NIGHT WIRE.)

PORTLAND, Feb. 2.—The small

pox epidemic, which for a time ap-

peared to be on the decline, is be-

coming aggressive again and there

were today 274 cases in Portland,

according to the local health bu-

reau. Of this number, eighty-eight

have been reported within the last

four days.

ONE DEATH, 328 NEW

FLU CASES IN CITY.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 2.—"The

changing tides of politics cannot

affect that which has a great ideal

for its foundation," Paul

Deschanel, President-elect of

France, declared in a greeting to

America, sent to the French high

commission here today. M.

Deschanel, who became Presi-

dent on February 18, said:

Throughout the crisis in which

humanity's age-long struggle for

liberty and justice was on the

verge of collapse, American de-

mocracy has remained the cham-

pion of the most noble cause. To-

gether we may now face the fu-

ture with confidence."

ALABAMA BANKS WAR

ON FEDERAL RESERVE.

(BY A. P. NIGHT WIRE.)

MONTGOMERY, Feb. 2.—Ala-

bama banks, not members of the

Federal reserve system, were ad-

vised today by State Superintendent

of Banks Green to refuse to make

the reserve bank at par.

The action of Sup. Green was

inspired by the campaign against the

Federal Reserve Bank, which in De-

cember issued instructions to all banks

to remit at par, meaning the aboli-

tion of the collection of exchange by

country banks and others not mem-

bers of the system.

Sup. Green announced that bank-

ers of the Federal Reserve Bank

District would meet in New Orleans

Saturday to arrange for a contest

with the reserve board.

FLYER'S INJURIES FATAL

(BY A. P. NIGHT WIRE.)

WASHINGTON, Feb. 2.—Lieut.

Gwendell Barden Newman, of St.

Louis, Mich., died today from in-

juries he received in a fall at Bol-

ling Field December 31, when he

was testing a monoplane. He as-

sisted in designing the Liberty mo-

tor. He was an entry in the trans-

continental contest last October but

was ruled out of the race by en-

gine trouble at San Francisco. At

the time of his death he was a na-

vial pilot and a member of the Na-

vial Aircraft Board.

commutation fare. This land is suitable for chickens, fruit, crops, berries or anything grown elsewhere

in Southern California and is grown here. Note the grand view of the mountains surround-

ing this property. Terms: Cash, balance satisfactory terms. This is a positive and bona fide Auction Sale, no limit, no reserve.

STROUSE &

LOWER COTTON RATE REFUSED.**City's Fight to Aid Export Trade Lost for Present.****Coming Return of Railroads to Owners Colors Case.****Renewal of Application is Expected After Change.**

WASHINGTON, Feb. 3.—Los Angeles' fight for a lower rate on cotton exports from the Pacific coast has been lost for the present. The Interstate Commerce Commission has refused to lower the rate from 10 cents per hundred pounds to 8 cents, the rate proposed by the city. The commission has decided that the rate is reasonable and that the city's application for a lower rate is not justified. The city's application was based on the fact that the rate on cotton exports from the Pacific coast is higher than the rate on cotton exports from the Atlantic coast. The city argued that this is unfair and that it should be lowered to the Atlantic coast rate. The commission, however, has decided that the rate is reasonable and that the city's application is not justified. The city is expected to renew its application after a change in the commission's policy.

The official letter, addressed to the Interstate Commerce Commission, was received by the city of Los Angeles today. The letter states that the commission has decided that the rate on cotton exports from the Pacific coast is reasonable and that the city's application for a lower rate is not justified. The city is expected to renew its application after a change in the commission's policy.

HOW RATE IS FIXED. The rate prescribed for making these rules permits the carriers to determine the rate necessary, which may be put into effect regardless of the rate upon the same commodity.

NEWBERRY TRIAL BATTLE NOW ON**What Government Expects to Prove Outlined.****Counsel for Defense to Make Reply Today.****Secret Service Can't Mingle with Defendants.****UNDERWOOD TRIES TO LIFT WOOD PULP BAN.**

WASHINGTON, Feb. 3.—Appointment of a Presidential commission to investigate the Newberry trial has been announced by the government. The commission is to be headed by the attorney general and will consist of members of the cabinet and other officials. The commission is to investigate the charges against the Newberry trial and to report to the president. The government expects to prove that the Newberry trial was a conspiracy to defraud the government. The counsel for the defense is expected to make a reply today.

SECRET SERVICE CAN'T MINGLE WITH DEFENDANTS. The secret service is not to be allowed to mingle with the defendants in the Newberry trial. The government expects to prove that the Newberry trial was a conspiracy to defraud the government.

UNDERWOOD TRIES TO LIFT WOOD PULP BAN. The government is trying to lift the ban on wood pulp exports. The ban was imposed by the government in 1918 and has been in effect ever since. The government is trying to lift the ban because it believes that the ban is no longer necessary.

GERMAN MERCHANTS LAND. German merchants are expected to land in Los Angeles. The merchants are expected to bring with them a large amount of goods and to sell them in the city. The merchants are expected to bring with them a large amount of goods and to sell them in the city.

STRESS MONEY SPENT. The stress of the Newberry trial is expected to result in a large amount of money being spent. The stress is expected to result in a large amount of money being spent.

THE PURITY SQUAD OF THE PUEBLO The purity squad of the Pueblo is expected to be disbanded. The squad was created by the government in 1918 and has been in effect ever since. The government is expected to disband the squad because it believes that the squad is no longer necessary.

THE PURITY SQUAD OF THE PUEBLO The purity squad of the Pueblo is expected to be disbanded. The squad was created by the government in 1918 and has been in effect ever since. The government is expected to disband the squad because it believes that the squad is no longer necessary.

FLU ON WANE; CASES DECLINE.

New York is Threatened by Heatless Days.

Engineers, Firemen to Strike for Wage Increase.

Chicago Reports 374 New Pneumonia Cases.

NEW YORK, Feb. 2.—Influenza and pneumonia cases continued to wane here today. New cases of influenza totaled 2573, or 1318 less than the number reported yesterday. Today's pneumonia cases were 534, or 141 less than yesterday's. Twenty-four deaths from influenza were reported, a decrease of ten, and there were 109 deaths from pneumonia, a decrease of eleven.

Efforts to avert the strike of stationery engineers' and firemen scheduled for next Wednesday have been successful. The American Federation of Labor announced tonight, after a conference with hotel proprietors, real estate men and office building managers. He said he viewed the situation with "apprehension" and unless the walkout was prevented by adjusting the demands of the men, lives and property in the city would be menaced by "heatless" days. The commission will make another effort tomorrow to effect a settlement.

CHICAGO IMPROVES.

CHICAGO, Feb. 2.—Deaths from influenza and pneumonia in the last twenty-four hours decreased from the number reported Sunday by new cases of the disease have increased by 209.

Influenza totaled 802 patients, with eighty-ninth deaths, and pneumonia cases numbered 374 with sixty-nine deaths.

KANSAS HAS 11,370.

TOPEKA, Kan., Feb. 2.—More than 11,370 cases of influenza in Kansas and new cases being reported by the hundreds daily. The State Board of Health today issued a State-wide call for volunteer nurses.

EVERY COUNTY AFFECTED.

SANTA FE, N. M., Feb. 2.—The influenza epidemic in New Mexico today reached such proportions that the State health department advised the U. S. Public Health Service to detail two officers to organize relief work and the Red Cross to render all aid possible in seventeen counties. Two hundred and ninety-two cases are reported in Gallup, a town of 5000 population. With two exceptions every county now has active cases. So far the death rate has been exceedingly low.

SMALL POX IN PORTLAND.

PORTLAND, Feb. 2.—The small pox epidemic in Portland, Me., is becoming aggressive again and there were today 274 cases in Portland, according to the local health bureau. Of this number, eighty-eight have been reported within the last four days.

ONE DEATH, 328 NEW FLU CASES IN CITY.

APPEAL GOES OUT FOR 25 FORMER ARMY ORDERLIES FOR COUNTY HOSPITAL.

Three hundred and twenty-eight new cases of influenza, sixteen new cases of pneumonia and one death, from pneumonia, were reported to the health department yesterday for Sunday and Monday.

An appeal has been issued by Dr. Ray Smith, president of the County Medical Association, for twenty-five former army hospital orderlies for the emergency flu hospital that has been opened at the County Hospital grounds. All men who had training with the army are urged to respond.

There is no epidemic of influenza here, it was said. The crowded condition of the city all the regular hospitals are full of ordinary cases and it was thought advisable that the new flu cases be separated and the emergency hospital was opened.

The orderlies will receive salaries generally given men in that work together with money from the Red Cross to make up their normal pay. In this way the volunteers sacrifice nothing. It is hoped that all men wish to apply for the positions should see Mr. Schumacher, at the Soldiers' and Sailors' Replacement.

AUCTION--WEDNESDAY

4 Acres, Fronting Ocean to Ocean Highway

Sometimes called EL MONTE ROAD, Valley Boulevard or San Bernardino Road.

AUCTION SIGN ON PROPERTY.

Wednesday, February 4, 3 p.m.

Thousands of acres passing daily. Gas, Electricity and Telephone available. One of the choicest locations in Southern California. Deep, fertile soil, free from stone. Beautiful new homes built and building, few costing less than \$5000 and many \$10000.

Only 5 miles to center of Pasadena (road measure) and only 12 miles to center of Los Angeles (road measure). Frequent interurban buses pass this property. Cheap commutation fare.

This land is suitable for chickens, fruit, nuts, berries or anything grown elsewhere in Southern California. It is grown here. Note the grand vegetable gardens surrounding this property.

For full cash, balance satisfactory terms.

This is a positive and bona fide Auction Sale, no limit, no reserve.

STROUSE & MULL, Auctioneers, 222 Story Bldg. 62705.

GILLETTE DUE FOR POOR MODESTO MEN.

NEW YORK, Feb. 2.—Without any previous warning, barbers here today increased the price of hair cuts to 65 cents and shaves to 35 cents.

One reason given by the barbers for increased prices is that prohibition has sent the price of hair tonics so high that customers prefer to grow bald rather than pay for treatments, and the raises on hair cuts and shaves are expected to take care of the loss occasioned by the falling off in the use of the tonsorial luxuries.

BUREAU IN THE NORTH ANNEX OF THE CITY HALL.

It is desired that the hospital be put in full operation as soon as possible and that applicants be urged to apply at once.

HUNGARY BRINGS MORE TERRORISTS TO TRIAL.

TWO THOUSAND COMMUNISTS IN JAIL AT BUDAPEST AWAITING THEIR CALL.

BUDAPEST, Saturday, Jan. 31.—The trial of a large number of terrorists will begin Monday. Count Apponyi, head of the Hungarian peace delegation, which asked if there was any persecution of Communists, replied "I have implicit confidence in the judges, who are moving so slowly that there have been only twenty-seven executions for murder so far, which is a small number when it is remembered that the Communists killed several thousand persons. Nobody is being arrested for opinions, but for acts."

"Hungary is in a state of self-defense against the Red terror, just as America, which is deporting Bolsheviks, is in a state of self-defense against the Red terror."

The Russian Bolshevik army has been put to flight, according to a press report of a decree issued by the State Department. Under the decree men of the Soviet army must leave the country and engage in labor activities, get food supplies, cut and freight timber to the railroads and the factories and organize transport facilities and join in general building operations. They must also engage in the fight against the Red terror.

According to the decree the army will be headed by a revolutionary council which will be one of the members of the so-called defense council. The revolutionary council of the army will be superior to every local authority in Soviet territory.

WE PROMISED FREEDOM?

The correspondent was allowed to visit the prison in which more than 2000 persons are awaiting trial. These include Prof. Peter Agostin, former Minister of Foreign Affairs. He said that his freedom had been guaranteed him by the British and American governments at Vienna and Prague, and also agents coming in from Russia, all agreeing to subvert the peace of Europe, we are bound to be careful."

BUDAPEST, Feb. 2.—All the schools in Budapest have been closed, owing to the epidemic of influenza.

DESCHANAL PRAISES IDEALS OF AMERICA.

NEW YORK, Feb. 2.—"The changing tides of politics cannot affect that which has a great ideal for its foundation," Paul Deschanal, President-elect of the Corps of Engineers, said in a greeting to American, sent to the French high commission here today. Mr. Deschanal, who became President on February 18, said:

Throughout the crisis in which humanity is engaged, the struggle for liberty and justice was on the verge of collapse. American democracy has remained the champion of the most noble cause. Together we may now face the future with confidence."

ALABAMA BANKS WAR ON FEDERAL RESERVE.

MONTGOMERY, Feb. 2.—Alabama banks, not members of the Federal reserve system, were advised today by State Superintendent of Banks Green to refuse to make remittances to all banks to remit at par, meaning the abolition of the collection of exchange by country banks and others not members of the Federal Reserve.

The action of Supt. Green was regarded as opening the campaign against the Federal Reserve Board, which in December issued instructions to all banks to remit at par, meaning the abolition of the collection of exchange by country banks and others not members of the Federal Reserve.

Supt. Green announced that bankers of the Sixth Federal Reserve District would meet in New Orleans Saturday to arrange for a contest with the reserve board.

FLYER'S INJURIES FATAL.

WASHINGTON, Feb. 2.—Lieut. Gwendolyn Borden Newman of St. Louis, Mich., died today from injuries he received in a fall at Bolling Field, December 31, when he was testing a monoplane. He assisted in designing the Liberty motor. He was an entry in the transcontinental contest last October but was ruled out of the race by engine trouble at San Francisco. At the time of his death he was a navy test pilot and a member of the Naval Aircraft Board.

TRADE MISSION TO VISIT RUSS.

Pressure will be Brought to Life Restrictions.

Writ of Mandamus will also be Considered.

Women's Commerce Chamber Urged to Act.

NEW YORK, Feb. 2.—The American Commercial Association, to promote trade with Russia, decided today to send a mission to visit Russia to foster commerce. To its Executive Committee were left details of the commission's personnel.

Meanwhile, pressure will be brought to bear on the Federal government to lift restrictions against trading with Soviet Russia. A suggestion that a member of the association seek a writ of mandamus from the United States Supreme Court to compel the State Department to permit American firms to do business with Russia, either through the Soviet government, or with the Soviet government direct, also will be considered.

SOVIET REPRESENTED.

Emerson P. Jennings, president of the association, and of the Lehigh Machine Company of Lehigh, Pa., announced that small firms "do not need to send representatives to visit Russia to seek business," as there is a commercial representative of the Soviet government here. I am informed with whom you can negotiate."

Jennings' firm has a large order from the Soviet organization for printing presses.

Dudley Field Malone, who has acted as counsel for Ludwig C. A. K. Martens, Soviet "ambassador," first suggested legal action by the association against the State Department. He represented himself as a commercial representative of the Soviet government here. I am informed with whom you can negotiate."

WILL HELP THE WOMEN.

Mrs. Katherine Clemmons Gould, former wife of Howard Gould, president of the Women's Commerce Chamber, addressed the organization today for action for "remission of American trade in Russia," asserting renewed commercial relations with that country would benefit both America and the suffering women and children of Russia.

The Russian Bolshevik army has been put to flight, according to a press report of a decree issued by the State Department. Under the decree men of the Soviet army must leave the country and engage in labor activities, get food supplies, cut and freight timber to the railroads and the factories and organize transport facilities and join in general building operations. They must also engage in the fight against the Red terror.

According to the decree the army will be headed by a revolutionary council which will be one of the members of the so-called defense council. The revolutionary council of the army will be superior to every local authority in Soviet territory.

MEXICO SEIZES EL PASO FLYERS.

(Continued from First Page.)

Mex. near which they were forced to land last Wednesday when their gasoline supply failed. At no time were they under guard or in confinement they said.

Lieut. Storer of the Aviation Corps returned from Mexico today with the airplane Davis and Grimes had been forced to abandon. The two aviators will return to McAllen, Tex., tomorrow.

ANOTHER TO DEATH TOLL.

JUANES, Feb. 2.—Investigations into the death of Juan Rulacabe of Yale, Tex., whose body was found on the Mexican side of the Rio Grande, have been completed through the head two weeks ago. It disclosed the man was a naturalized American citizen, according to information received by the U. S. Customs Service at El Paso.

FEDERAL RESERVE KILLED.

LAREDO (Tex.), Feb. 2.—Fifty rebels were killed and twenty-five wounded in a battle between Mexican state forces and a rebel band commanded by a former federal reserve officer, according to city dispatches received today.

The rebels were defeated after five hours fighting, according to Mexico City newspapers, received today.

BIG AWARD UPHELD.

High Court Affirms Verdict Giving Burrell and Others \$105,408.

SACRAMENTO, Feb. 2.—A judgment by the Los Angeles Superior Court giving damages of \$105,408.25 to S. A. Burrell and others, intervenors, against the co-partners of the Ohio Valley Construction Company, El Dora Oil Company and E. S. Good, was affirmed today by the third district court of appeal.

The decision also rendered void certain contracts of sale and cancelled deeds of trust and mortgages given by the El Dora Oil Company to secure payment of promissory notes.

The original plaintiffs as well as the intervenors were stockholders in the El Dora Oil Company.

Westinghouse Sues for Taxes.

PITTSBURGH, Feb. 2.—The Westinghouse Electric and Manufacturing Company filed a suit in the U. S. District Court today against the government in which the company seeks to recover \$15,000 paid under protest as munition manufacturers' tax.

Dollars and Cents.

Counting it only in dollars and cents, how much did that last cost you? A man may not always work when he would, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself. In fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months. (Advertisement.)

Additional

To Give Speed New Meaning in Coming Race

POWER WAGONS TO ROAR SOON.

No Limit to Speed Possibilities of New Course.

Track on Wilshire Boulevard Said to be Fastest Extant.

Champ Drivers Grooming Mounts for the Classic.

BY WARDE POWLER.

Eighteen of the newest race drivers in the country are getting ready to rip the air around Beverly Hills late this afternoon in the opening race on the new Los Angeles speedway.

A board course fifty feet wide and built out a quarter mile has been built out on Wilshire boulevard not far from the Los Angeles Country Club. Race drivers who have seen the plant declare that it is the fastest thing of its kind in the United States. There is only one limit to speed that can be made on the track and that is the ability of motor cars to travel.

CLAMP THEM DOWN.

There will be no such thing as slowing down in the race two weeks from Saturday. The turns on the track have been banked at a steep angle so that machines stepping down the straightaway at 110 miles per hour can hit into the curves without the quiver of an eyelash or easing up a particle on the throttle. The steel nerves of the drivers and the mechanical strength of the machines will be the only thing that will cut averages. The track itself will hold anything in the speed line.

The Los Angeles speedway is perfect, but it hasn't a thing on the side or drivers entered in the first race.

CLASSY TRIO.

Perhaps the most interesting team entered to date is the Chevrolet outfit. Cliff Durant, Eddie Pullen and Edie Pullen will all be competing. Durant is a former champion and Pullen is a former champion. The three will be a formidable team.

Cliff Durant and Edie Pullen have both demonstrated their ability to manage anything that runs on wheels and to rank racing cars in a line ahead of strenuous competition. Cliff arrived in Los Angeles yesterday to supervise the opening trials next Friday.

Art Klein has just placed his entry with Manager Charles Kapp.

Klein has a big Peugeot that has shown ability to romp past the hundreds of other cars.

GIANT DUSENBERGS.

The Motors Company of Philadelphia have entered a Meteor Special, powered by a Duesenberg motor. Dave Lewis will probably be on the steering end of the machine. Milton and Murray will handle the two Duesenberg factory entries. Ralph Mulford is on his way to this city with some sort of a mysterious mount up his sleeve. Four frontenches with Boyer, Thomas, Barlow and Goodson driving are already primed for the early trials. Nicholson will put a Hudson through some fast paces and the Van will take up racing where he left off on the rail of August not long ago and will use a Phillips Special to come back in. Heavens Dutton and his State are still able to limp around in the 100-mile per hour.

Edie O'Donnell has agreed to furnish some thrills if he can find a gas tank that will keep up with his ambition.

RAH FOR RALPH!

The photograph wires between here and the B&B are being run ragged and the probable result is that Ralph De Palma will give 'er the gun when the flag starts the first race about 1920.

It is estimated that close to 100,000 people could be jammed into the Los Angeles speedway plant, but several hundred enthusiastic bugs have already sent in checks for advance admission. That's certainly taking no chance.

CALIFORNIA FIVE.

BEAT WASHINGTON.

BERKELEY, Feb. 2.—California's basketball team handed out the Washington State College quintette, 21 to 18 here tonight. Capt. Anderson of California was the individual stellar performer with seven field goals and seven free throws.

The same teams play again tomorrow night.

TUNNEY PUTS QUIETUS ON BOXER ROBERTS.

NEWARK (N. J.) Feb. 2.—Gene Tunney, light heavyweight champion of the world, knocked out Al Roberts of Staten Island in the final round of an eight-round bout at the West End armory tonight.

Edie Fitzsimmons, New York lightweight, outpointed Jimmy Duffy of Lockport in an eight-round contest.

AUTO THIEVES GARNER THREE.

Los Angeles perennial auto thieves garnered three cars yesterday. Persons seeing any of the machines listed below are requested to report the matter to the Auto Club, their bureau or to police officials.

Chandler, 1918 Chevy, black body, license 22847; Hudson, 1916 touring, green body, license 122551; Buick, 1916 roadster, dark blue body, license 567310.

BOSTON RED SOX SELL THREE MEN.

(BY A. P. NIGHT WIRE.)

BOSTON, Feb. 2.—The Boston Americans announced the sale of three players to the Toledo American Association club today. Pitcher Dumont, Catcher McNeil and Outfielder Joe Wilhoit go to Toledo for a cash consideration and an option on a member of the Toledo team.

BAN JOHNSON SUE FOR A HALF-MILLION.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 2.—Complaints in a half-million-dollar damage suit were served today by the New York American League club against Ban Johnson, president of the American League.

Action was started against Johnson at the time of the American League meeting December 10, when notices of suits were served on Johnson and his five loyal club owners.

Johnson, Philadelphia; Clark Griffith, Washington; Frank Navin, Detroit; Philip Ball, St. Louis; and James Dunn, Cleveland. Complaints were also served today on these five magnates in one of three suits brought against Johnson.

In the first suit, the New York club demands damages of \$500,000 personally from Johnson on the ground that he "conceived the idea of driving the New York club out of baseball, and to this end did various acts injurious to the New York club, including the suspension of players and the removal of the Polo Grounds after 1920, and by making public the plans which the New York club had for the acquisition of a new site, prevented its acquisition on advantageous terms."

The complaint also contains extracts of a letter written by Johnson to his five "loyal" club owners dated August 4, 1919, and marked "personal and confidential." The extracts follow:

"It is my judgment that they should be retired from our organization."

"I am sure other people can be interested in the proposition and that a satisfactory arrangement can be made with the present owners."

Justice Vernon M. Davis of the New York Supreme Court signed an order for the taking, in Cleveland, of the testimony of James C. Dunn, president; Walter McNichols, secretary; and E. S. Barnard, business manager of the Cleveland baseball club, and requiring the club to produce for inspection its minute books, check books and other documents concerning its participation in its affairs.

HEISMAN TO BE HEAD OF PENN VARSITY COACH.

(BY A. P. NIGHT WIRE.)

PHILADELPHIA, Feb. 2.—John W. Heisman, former football coach at the George School, Technology, will be head coach at the University of Pennsylvania for the next three years.

The board of trustees of the athletic council today ratified the choice of the Football Committee.

The board announced that Charles A. Keelath, Harold Gaston and John J. Keogh, former Penn State football players, will be Heisman's principal assistants.

Ernest Cosens, captain of the 1919 team; Louis A. Young, also a former captain, and Dr. Hunter W. Scarlett, another former Penn State player, will constitute the advisory board and will give assistance in coaching.

Dr. Arthur Light succeeds Dr. Thomas Hancock as physician to the squad.

TROJANS TO BUMP UP AGAINST THROOP FIVE.

(BY A. P. NIGHT WIRE.)

The U.S.C. basketball team will take a hard nut when it bumps up against the Throop five on Thursday night. The Trojans were set back by the Occidental Tigers last week and the Throop were bowled over to the tune of 23 to 15 by the Engineers.

Larry Larson, the Throop guard, is the star of the Pasadena team. The speedy boy caged five goals and three rebounds against Occidental.

Occidentals are hoping that the Trojans step forward for the first time and put him out of commission Thursday night. With Larson on the sidelines, Occidental followers believe their team might have a chance to win in their next battle on Saturday evening.

GLEASON BEGINS TO LINE UP PLAYERS.

(BY A. P. NIGHT WIRE.)

CHICAGO, Feb. 2.—Manager "Kid" Gleason, of the Chicago Americans, today started lining up the players preliminary to the departure for the spring training camp at Waco, Tex. Gleason anticipates no trouble, despite the declarations of Shortstop Rubery and First Baseman Gandil, that they were relieved.

base, Krug will be on second, and Manager Ernie Johnson who says he is "ready to open now for the best year of my life."

Indications are that the new third baseman will be Ellison, now the property of the Detroit club. Salt Lake has an option to buy Ellison from Detroit and expects to exercise it.

Eddie Mulligan, the scrappy little infielder who did duty at second, short and third last season, will fill out the utility role next season. In the outfield will be the league's leading hitter of 1919—Bill Rumlair.

Larry Magner, Beale Becker and Duke Reilly,

H. HIGH HEARS THE WILD CALL.

May Shift from Lead Pipes to Baseball Bats.

Essick's Powerful Eye Reads Between the Lines.

Al DeVormer Shows Signs of Real Improvement.

BY HARRY A. WILLIAMS.

Hughie High seems to be weakening—not physically, but in determination.

He is beginning to feel the softening influence of time.

When High departed for St. Louis last fall he announced, in tones intended to carry, that he would not be with us again. Said in effect that he not only was through as a Tiger, but with baseball in general.

Whereupon he returned to St. Louis and entered on a profligate career as a plumber. When a plumber uses a lead pipe he is within the law, whereas many chess men, having credentials have been pinched for using a lead pipe.

ENTIRELY LEGAL.

So Hughie's system of getting money was entirely legal, although there are some uninformed people who are unable to differentiate between a plumber and a footpad.

High, however, is not that kind of a plumber, and allows a flock of other guys to do the heavy, dangerous work. He simply pockets the profits.

But he is finding that mere money doesn't satisfy. At least, apparently so. Hughie is showing signs of spring restlessness, even though spring is a long way off.

He has written a letter to Bill Essick. In this he doesn't renounce his retirement.

But he opens the way to conversation. High says that if his plumbing business doesn't pay he will play ball again. This is regarded as a significant statement, as yet he has asked him to play ball again, even though he would be three times as old.

Now, as nobody ever heard of a plumber business not paying, it is plain he is beginning to feel the wild, wild call of the diamond. Unquestionably he is prospering, as he has retired from the game, although we never heard of anybody owning a team of those things.

Anyway, reading between the lines with his powerful eyes, Mr. Essick can see that the as yet unwritten story of a baseball player about to come back.

If the softening process continues in St. Louis it means that the Tigers are all fixed in the outfield. Tommy Lewis, a writer, is feeling as fit as a horse fiddle. Edie Chet Chadbourne and Stumpy Edgington are here and eager for the fray.

In the infield everything is lively outside of third base. Miller Hughes seems to be experiencing difficulty in getting on the third base sacker he had planned on turning over to the Tigers. This was to be the first of the most serious injury of third-basemen since the war. If he sends the player west by the middle of March it will be regarded as a rapid deal, considering the general baseball situation.

The Yankees have never failed the Tigers, and are not likely to begin doing so at this late date. Meantime, Essick has lined up Max Moore, a promising youngster, to do the spring third-basemen for him.

Behind the plate things are not so settled on the Vernon machine. Brooks and DeVormer may divide the position here and there, and again, they may not. One may be present to assist in the division of the plate, and the other may remain. But he must show improvement over last season in order to continue accumulating pay checks with a Maier signature at the bottom.

Indications are that Al will succeed in doing this. Last season he was far below weight, a condition due to the after effects of the flu. This seemed also to affect his disposition, with the result that Al wore a chip on his shoulder which nobody saw fit to knock off. Once again he tried to knock down the grand stand with his bat, but the after effects of the flu had left him too weak to do it.

DON'T DO IT.

Now that Al is stronger he may succeed in doing this, and it isn't desired that he should do so. True, the Coast League is creating a sinking fund with which to replace grand stands which are knocked down, but the fund isn't yet strong enough to stand the strain of replacing expensive structures.

Al, out of regard for this infant fund, should lay off the grand stands until season after next.

DeVormer has picked up twenty pounds over winter, and appears to be a greatly-improved athlete. Mr. improvement covers enough territory to take in Al's disposition. This will relieve him of the necessity of changing catchers.

YAWKEY'S ESTATE REACHES MILLIONS.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 2.—The estate of Thomas H. Yawkey, one of the owners of the Detroit American League baseball club, who died in Augusta, Ga., on March 8, 1919, today was appraised at \$9,427,460. His widow is the principal beneficiary. Holdings in the Detroit club were valued at \$128,128.

LETTER FOR HERR.

A letter from San Francisco awaits Eddie Herr in the sporting department of the Times.

CARPENTIER TO COME TO AMERICA.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, Feb. 2.—Georges Carpentier, accompanied by his manager, M. Desmouges, will leave France shortly for the United States, according to an announcement made today by Desmouges. Carpentier now is touring the provinces.

NEW BLOOD IN VERNON BOUTS.

Will Tackle Mike Doll in the Main Event.

Willie Hunefeld vs. Young France in Semi-windup.

TONIGHT'S CARD.

Buck Holley vs. Mike Doll, 145 pounds.

Young France vs. Willie Hunefeld, 135 pounds.

Ed Schneider vs. Bob Grant, 175 pounds.

Benny McCoy vs. Danny Edwards, catchweights.

Young Papke vs. Louis Garcia, 115 pounds.

Johnny Woodruff vs. Billy Mack, 133 pounds.

Mike Doll, the pride of Vernon, and Buck Holley, a San Francisco boxer with a good record, will box the main event at the Vernon arena tonight. Both are heavy hitters.

There is one thing that may be said of the bouts put up by Doll—few of them so the limit. Either Mike wins by a knockout or is on the receiving end of a sleep-producing punch.

Two classy lightweights, Young France and Bill Hunefeld will box the semi-windup. The bout looks like a toss-up with a lot of action all the way.

Ted Schneider, who has been boxing at Camp Kearny for a couple of years, will best Bob Grant, champion of the Pacific Coast, in a feature preliminary. They are the biggest pair who have appeared at the Vernon in many months, both weighing around the 175-pound mark.

Benny McCoy, who beat Young Farrell and Jimmy Brenton, will meet Danny Edwards. McCoy will have a big advantage in weight but Edwards has yet to pick an opponent at Vernon and is confident that he will step around and win the decision.

Young Papke and Louis Garcia, a pair of willing youngsters, will box the second bout on the card, and Johnny Woodruff and Billy Mack, 115 pounds, will open the show.

The first bout will start at 8:30 o'clock.

L. A. RIFLE CLUB NOW LEADS IN BIG SHOOT.

(BY A. P. NIGHT WIRE.)

The Los Angeles Rifle and Revolver Club obtained a substantial lead in the Southern California Rifle League standing as a result of the shoot at the Pasadena Rifle Club on Sunday.

The next shoot will be held on the Los Angeles range, below are the individual scores of the Pasadena and Los Angeles shooters in their match.

(BY A. F. NIGHT WIRE.)
SAN FRANCISCO, Feb. 2.—Tom Andrews, Milwaukee

fight promoter, accompanied

by Llew Edwards, lightweight

champion of Australia, and

Chet Higgins, the Australian

heavyweight champion, ar-

rived here today from the

antipodes on the steamer

Ventura.

ROWING ASSOCIATION
DENIES POSTPONEMENT.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Feb. 2.—A rumor

current here that a postponement

had been ordered of the English

regatta, which is to begin June 20,

is without foundation, according

to a statement made today by the

Amateur Rowing Association.

An informal request that the Hen-

ley regatta dates be set back a week

so that Harvard University, holder

of the grand challenge cup, might

send a crew of oarsmen to defend

the trophy, and also that Yale pos-

sibly could challenge for the cup,

was made last month.

Presy Weaver Takes Kindly to
Proposed "Drive."

BY PAUL LOWRY.

The term of a plan to raise \$10,-

000 with which to send Southern

California athletes to the Olympic

games at Antwerp was planted at

a meeting of the local A.A.U. com-

mittee yesterday.

Bob Weaver, the urbane presy of

the Southern Pacific branch of the

A.A.U., and a member of the na-

tional Olympic games committee

which has the selecting of the ath-

letes for the trans-Atlantic trip, be-

lieves it will take \$100,000 to de-

fray the expenses of the American

representatives. Ten thousand dol-

lars has been set as the south's

minimum.

For the past week Weaver, as

well as other members of a com-

mittee appointed by him recently to

devise ways and means of raising

this money, has been cudgeling his

brains for a plan.

SURE SCHEME.

At the meeting last night there

appeared one Count William Bert

Jarvis, at the behest of Cliff Horne,

baseball manager of the L.A.A.C.,

with a sure-thing, knock 'em dead

scheme, guaranteed to attract not

only the \$10,000 so earnestly sought

by the Olympic committee, but

many another shekel besides.

Jarvis is a promoter, a "v. oduc-

BASEBALL NOTES.

Manager Gleason of the White

Sox has decided to cut down the

spring exhibition games compared

with past springs. He believes that

too many contests on the training

trips sow the seeds of stalemate.

Manager Rodgers of the Sacra-

mento team shows a tendency to

dispose of the veterans. Following

the trade of Harry Walter to Seat-

tle, he has disposed of Art Griggs

to the St. Louis Cardinals. Most

Coast League clubs would be glad

to grab such players as those, rather

ASPIRIN—Its Uses

First Introduced by "Bayer" in the Year 1900

The name "Bayer" identifies the

name, Toothache, Earache, Neural-

gia, Lumbago, Rheumatism, Neu-

ritis and Pain generally.

Always say "Bayer" when buy-

ing Aspirin. Then look for the

safety "Bayer Cross" on the pack-

age and on the tablets.

Handy tin boxes of twelve ta-

blets cost but a few cents. Drug-

gists also sell larger packages.

Aspirin is made at Bayer Manufacturing Company, Ltd., of Germany.

Despite the optimism of the mag-

nates, and their confidence that the

game will be well patronized this

year in spite of the advance prices,

there has been no three-cheering

among the fans. It is claimed by

one bleacher statistician that a 5-cent

raise would have covered all the

extra cost of operation, and would

have been in the nature of meeting

the fans half way.

Some of the Brooklyn recruits

were pleased to read that the Dod-

gers had been given a 13 1-3 per

cent raise. It was news to them.

JEFF O'CONNELL

TO "THE TIMES."

Expended! That's all. (To the Editor of The Times.) A letter was published in last Sunday's Times stating that the use of elevated sidewalks in Los Angeles is a means of relieving the present congestion in the business district. The advertisement claimed that the sidewalks were not only a nuisance, but that they were a danger to the public. I am writing you to say that the sidewalks are not only a nuisance, but they are a danger to the public. I am writing you to say that the sidewalks are not only a nuisance, but they are a danger to the public. I am writing you to say that the sidewalks are not only a nuisance, but they are a danger to the public.

How Many People Know There Are 32 Teeth?

So few men and women reach their twenty-first birthday with every tooth intact, that most of us hardly remember that we had 32 teeth to start with. "Acid-Mouth" is undoubtedly the chief reason why we lose so many teeth comparatively early in life. 95 in every 100 people are said to have it.

PEBECO TOOTH PASTE

Counteracts "Acid-Mouth" Pebecco Tooth Paste counteracts unfavorable mouth acids by wholly natural means. It has a keenly stimulating effect on the saliva, causing it to flow abundantly in the mouth, thus keeping the teeth and gums thoroughly bathed and free from deleterious deposits and secretions.

Go to your dentist twice a year, and use Pebecco twice a day.

Pebecco is sold by druggists everywhere

SOCIETY.

BY VIRGINIA WOODS.

Engagement Told. And now comes the pleasant news that Miss Alys Cornet, the fascinating French cousin of Mrs. Frederick A. Klump of Hollywood, is not to return to France after all—the reason is that she is soon to marry Mr. John A. Simmers, a well-known business man of this city. He is a Scotchman, who took part in the late war, so it is a sort of international alliance.

Miss Cornet's home is in Lyons and she underwent a tragic experience in the war. Her only brother was killed, and she came here to recuperate from illness caused by the shock.

Since coming here she has become a great social favorite. Her cousin, Mrs. Klump, whose home is one of the show places in Hollywood, has entertained for her numerous times. Rich now she is having a gay visit in San Francisco with another cousin, Mrs. John E. Hemphill, wife of Col. Hemphill, an executive officer at the Presidio. The wedding is to take place very shortly.

Joint Hostesses.

Mrs. Richard M. Bishop of 2500 South Eighth avenue and her daughter, Mrs. William Howard Thomas, are to give a large tea at the Bishop residence on Wednesday afternoon, February 11.

By Mrs. Barlow.

The largest affair planned for next week is the reception at which Mrs. Walter Jarvis Barlow of 2218 South Figueroa street is to entertain in honor of her mother, Mrs. Ella Brooks Solano, who has recently returned from New York. The reception is to be held on Wednesday afternoon, February 11. Six hundred invitations are being sent out.

Trouseau Hunting.

Mrs. Rhoda Pulliam, with her parents, Admiral and Mrs. Pulliam, her fiancée, Raymond Welch, and her sister, Mrs. M. Miller, are here from Coronado, trouseau shopping. The wedding is set for Saturday, February 14.

For Visitors.

Mrs. Frank O. Barstow and Mrs. Mary Hanna, house guests of Judge and Mrs. Albert Miller Stephens, were here at a charming luncheon at which Mrs. Cummins Jones was hostess. Plates were set for fourteen. Mrs. Charles Hathaway gave a luncheon and bridge party for them at the home of Mrs. Barstow on Friday, and Mrs. William Meade Orr is giving a luncheon for them to day.

For Mrs. Rothwell.

Mrs. Walter Henry Rothwell, wife of the conductor of the Philharmonic Orchestra, who arrived here from New York yesterday, is to be honored guest at a luncheon at which Mrs. Michael J. Connelley is entertaining on Friday. Her guests will include Mrs. Russell McDonnell Taylor, Mrs. Robert J. Connelley, J. Montgomery, Mrs. J. J. A. Van Kithoven and Mrs. Walter Jarvis Barlow. After luncheon the guests will attend the Philharmonic concert at Trinity Auditorium.

By Mrs. Lombard.

Mrs. Harry Dana Lombard is to entertain a company at luncheon to

The identity of the person who last been discovered, the other fellow.

Herbert Hoover is humbly Democrats are getting ready to break for the fence.

Can the ex-Kaiser "goose" He certainly can any day that he leads insists that he do so.

Remember when the dealer to sell a pair of "chick" shoes? But that was long, long ago.

San Francisco is claiming a population of 700,000 people. No like working the claims early and often.

It has been figured out that a trip to the local fairs is a waiting deportation.

February 10 is the date for the ratification of the new treaty and the coming of the Make It Ground Hog Day.

There is bound to be a few electric boosters under the "dog" does not give out.

Doctors now claim that stillness is not the only reason for the ladies are not wearing them.

Don't know but we should be talking with Saturn and Mars, the conversation is any important on that in this vale of tears.

What has become of the old-fashioned knitting bag that was used during the late war? It is said to be used to put the solid line.

George Carpentier, the pugilist, who is to fight Jack Johnson, never married. That is a reason why he is such a fighter.

Turkey wants the Allies to be independent. She wants to be as she pleases. We wonder if she includes the slaughter of the men.

Among the real friends of the republican party is Albert B. Burleson. His administration of the Postoffice Department has been an asset.

Delegates to the National Trade Convention in San Francisco are wanted to take with them a warm overcoat. Must be expected a recrudescence of the Wilson treatment.

Secretary Daniels has decided the recent war shall be known as the "World War." One of the few things on which the country will agree with "Sepius."

Another way for the average to get rich is for him to be a business on lines of the future. We often wonder how the fellow manages to make both ends meet.

We never could imagine mother used to rock the cradle some foot, turn a backwash with one hand and sing to a baby all at once. But she did not belong to a club, either.

Another thing we do not stand. On the blackboard of the cafeteria orchestra, the name of a certain musical composition marked "by request" played and there is nothing but a dense silence. Body encephalizing?

OLD BALDY

Old Baldy! Thou art glorious. A multitude of years have passed since thy grim walls were raised. Since first the Master Builder laid foundations laid in earth's broad breast. And made thee stand in majesty and might.

On all man's joys and sorrows and hopes and fears. Thou hast looked down: On all the love and hatred of the soul.

On all this beautiful land and peace and plenty. Made of life a joy. And cities rose by magic from the plain.

And thou hast seen the war of might and low. O'er this same land. And all the dormant hate and passions of men's souls.

Until the roar of battle came among thy crags.

Like a grim sentinel thou standest in thy lofty tower, thou hast seen both friend and foe. Who holds eternal vigilance over the world.

And notes the circling spheres of a deep and potent message thou hold for him. Who would attune his heart to the Creator.

But for him, the proud of heart whose ear is closed. To all the voice of nature and the voice of God.

Then hast but stern and awful frown. I saw thee yesterday when the sun was low.

And hovered over all the earth. When night and darkness like a talisman would descend: 'Twas then I saw thy head to bow on raised, crowned like a king. With snows of many winters. While the last pale light of day seemed to touch.

And lovingly caress thy mountain brow.

Then thou wert not just one bidding rocks to chill the hearts. But as alone thou stood majestic—

I saw thee glorified. Old Baldy.

EDYTHE G. DIMOND. Los Angeles, January 28.

Why They Support

THE

Y.M.C.A.

Los Angeles needs nothing so much as a constructive work among her young men and boys. No agency in the community is so well equipped to do this work as the Y.M.C.A. It is worth millions to the community just to have this influence at work among our young people.

A. B. CASS, President Southern California Telephone Co.

More work in Los Angeles like that of the Y.M.C.A. would do away with the need for a large police force. I believe in prevention, rather than in remedies after crimes are committed. The Y.M.C.A. is a means to this end—and should be supported if for no other reason.

R. T. BURGE, Police Commissioner of Los Angeles.

The Y.M.C.A. is the church at work for young men and boys. No good churchman in Los Angeles can fail to be interested in the Y.M.C.A. and support this movement.

DR. C. E. LOCKE, Pastor First Methodist Church.

GOLDEN STATE SWISS CHEESE

Cheese making in Switzerland is an Art. The efficient Research Department of CALIFORNIA CENTRAL CREAMERIES has made Swiss Cheese manufacture in California a Science.

After developing a process that gave true Swiss flavor, and the Big Holes, the company's scientists reduced the work to the exactness of the thermometer and the clock.

In Switzerland experts guess when a cheese is ready to be scooped from the big copper kettle.

California Central Creameries operators know when the process will be complete, as certainly as the turnstile clock tells when the next ferry leaves.

The result is a Swiss Cheese as dependable as the reputation of Golden State Butter.

CALIFORNIA CENTRAL CREAMERIES

A JOY TO YOUR SENSES

In the Photograph Section of the Sunday Times all the big news of the week is presented to you in pictures, not the ordinary newspaper pictures. Special prints that you will want to keep to look at again and

SHERIFF IS HIT BY PROSECUTOR.

No Co-operation in Getting Evidence, is Charge.

Burglary Case Reopened and New Facts Win Verdict.

Cline's Appeal to Head of Ouster Suit is Argued.

Criticizing the Sheriff's office for failure to co-operate in obtaining evidence in the case of Julian L. Castellano, charged with burglary, and accused of having broken into the fur store of Albert E. Burton, 805 South Broadway, Deputy District Attorney Fricke yesterday in Judge Craig's court, had the State's case reopened in order to introduce new evidence.

J. Morgan Marnaduke, attorney for the defendant, objected to reopening the State's case on the ground that due diligence had been shown in obtaining evidence. Mr. Fricke then asserted that the burglary, because of its importance, that it had been a burglary, was obtained through his own efforts and by previous diligence on the part of deputy Sheriff.

He have not received co-operation from the Sheriff's office in this case," said Mr. Fricke, "and I feel it is only because in another recent case I failed to receive co-operation from the same office."

CUT FINGER REVEALED. The court permitted the Castellano case to be reopened and Mr. Fricke produced evidence that Castellano, who is called a "fly-par" burglar, because of his penchant for using fly paper to soften the noise of breaking a store window, wore new kid gloves and had a cut on a finger of his left hand when he was arrested.

Castellano claimed an alibi, his mother, brother and grandmother swearing that he was in bed all the night of the burglary. Mr. Fricke produced testimony to show that the burglary was committed at 4 o'clock in the morning, and that it might have been possible for Castellano to leave and return to his bedroom without being seen.

Judge Craig yesterday sentenced Tomas Ramon to San Quentin for from one year to fifteen for his part in the burglary.

Castellano will appear Friday for sentence.

Argument on the petition of Sheriff Cline for a writ of prohibition, Superior Judge Monroe heard the accusation, brought by Supervisor Dodge, that charges of bribery with unlawful conveyance of funds, was heard yesterday by Department Two, District Court Judge.

The arguments marked the second phase of the Sheriff's fight to combat efforts to oust him from office through action of the Superior Court.

In submitting the case Assistant County Counsel Valle informed the court that the trial of the case is set for next Monday morning. An essay a judgment as soon as possible. He also informed the court that the respondent, the Superior Court of this county, loses its contention, in the State Supreme Court.

In the argument, Sheriff Cline was represented by Henry T. W. Foley, George E. Cryer and Ingrid W. Bull. The respondent was represented by County Counsel Valle and Assistant County Counsel Valle and Davis.

The argument centered on the question whether a private citizen may institute an action that might deprive a public officer of his office and have him brought into court without the case going through the hands of the District Attorney, on the failure of that official to act, without the matter being presented to the county grand jury. The constitutionality of the action of the Penal Code under which Mr. Dodge acted is involved.

HOME DEFENDS APPOINTMENTS.

(Continued from First Page.)

mission. In virtually no instance to my knowledge has the record of these officers since their reinstatement been other than a record of conscientious and efficient service to the public. I am willing, nevertheless, to abide by any ruling that may be made by competent authority as to the legality of their appointment.

"Regarding the rumors that have been published that I intend to resign as Chief, I desire to state that I have no intention of taking such action. It is true that I did express to the Mayor a wish to be relieved of my duties as Chief, but I might accept a more remunerative position in business life, but at my earnest request and on the advice of many of my friends, I have dismissed the thought from my mind.

"Despite the fact that our police personnel has in no wise been increased in proportion to the growth of the area and population of the city, I point with pride to the fact that the efficiency of the department has been maintained at a high standard, and from a moral standpoint, the city is cleaner, in my opinion, than it has been in years.

"I intend to continue to devote my ability and efforts toward maintaining this high standard, and while urging the immediate necessity of increasing the personnel of the department, I pledge my best endeavor in the future as in the past, to a loyal service of the municipality with the means and material at my command."

FORESTER'S WIFE SUES.

J. S. Flintham is Made Defendant in Divorce Action.

J. Stuart Flintham, Los Angeles county forester, who resides at 111 South Normandie avenue, was yesterday made defendant in a divorce suit filed by Helen B. Flintham.

Attorneys representing Mrs. Flintham declined to discuss the case last night, nor to state the grounds upon which the action was based. Mr. Flintham was unable to discuss the case because, he said, he had not yet been served with a copy of the petition.

LAY HER DEATH TO BAD LIQUOR.

Autopsy to Determine if Wood Alcohol Was Fatal to Woman.

County Autopsy Surgeon Wagner today will hold an autopsy over the body of Mrs. Maria E. Juarez, thirty years of age, of 425 Amelia street, who died several days ago, was poisoned by drinking liquor containing wood alcohol. The autopsy will be conducted at the undertaking establishment of J. D. Burton.

According to information in the hands of the police, Mrs. Juarez, after drinking a quantity of liquor, became blind and later died. According to Dr. Wagner the woman's condition just before death shows that she was poisoned.

Just how soon I shall take this step I do not yet know, but I hope it will be within the next sixty or ninety days.

"At present I am working on a rather large order for Col. Downing, U. S. engineer, and Congressman Osborne. Just before he went back to Washington Congressman Osborne asked me to get together data on which requests for future appropriations for the Los Angeles Harbor might be based, and later Col. Downing formally requested the same report. When I get that cleaned up other matters will have accumulated which I feel I must look after before retiring.

"I have passed up two good business propositions within the last three months because I did not feel that I was in a position to accept either of them. We were in the midst of the cotton rate fight, and I did not think it right to take steps to retire from the harbor department while that was pending.

It has been nearly eight years since I became connected with the harbor department, and for my own good I should have got out of the long ago, but I couldn't find a quitting place. Three years ago I set forth four objects to be accomplished by the harbor department, and stated to some of my friends that when they were accomplished, I should consider the harbor to the harbor would have been fulfilled. They are set forth in my annual report for 1917—the publication of an exhaustive report on the foreign trade and industrial possibilities of the Los Angeles Harbor; establishment of a ship building company and the building of a dry dock; opening up the harbor to railroads on an equal basis; and the establishment of a trans-Pacific steamship line out of Los Angeles.

"This programme is now almost accomplished, except that the Santa Fe has not built to the harbor, but it would have been done long ago had not the government taken over the railroads."

TWO HELD ON CHARGE OF SWINDLING BANKS.

CLEVER MONEY CHANGING TRICK SAID TO BE USED BY PRISONERS.

For what was declared by officers to be one of the newest tricks recently perpetrated on local banks, Tom Stevens, alias John Denetro, and Nicholas Evans, Greek kypnos, were accused of burglary and grand larceny in a complaint issued yesterday by Deputy District Attorney Denetro.

According to Burns detectives the two men walked into the Merchants' National Bank and asked for change for \$100 bills. When a teller handed out the money, the men are declared to have said they wanted to hold, showing back currency offered.

When count was made, according to the complaint, the teller was said to be short \$240. At the Guaranty Trust and Savings Bank, a teller missed \$140 after the same trick was played.

Mrs. Stevens, wife of one of the defendants, with a baby in her arms, was taken to the Sheriff's office, but was not held. The two men were lodged in the County Jail.

WOLGAST TO PAY WIFE PENDING DIVORCE SUIT.

OWNS PROPERTY IN VENICE, BUT GEMS ARE SAID TO HAVE BEEN PAWNED.

Ad Wolgast, former lightweight champion boxer, was ordered to pay his wife, Mildred Wolgast, \$25 a week, pending the trial of her suit for separate maintenance, by Judge Craig yesterday. Mr. Wolgast told the court that he is able to learn the champion of the world, Jess Willard, ex-heavyweight champion, she said, has one of her brooches which is worth \$2400.

"I sold him the brooch and some diamonds Mr. Wolgast pawned," she said.

Mrs. Wolgast alleges in her complaint that Mr. Wolgast deserted her.

A February Sale of Bedroom Furniture

Is bringing to many people exactly the good-looking, inexpensive articles they need for bedrooms, at a considerable saving in price:

Rich Old Ivory Finish Furniture

Beds—Six styles to choose from, that sell usually for \$21 to \$33 each are now \$18.00 to \$29.50

You may buy a complete suite, or only a part, according to your requirements.

Springs, Mattresses and Pillows of Standard Quality Are Also Included at Special Prices.

Coulder Dry Goods Co.
Seventh St. at Olive

SMALL GARAGE USED BY THIEF.

Many Valuable Stolen Cars Hidden in City.

Refuge in Private Buildings, Officials Say.

Extended Search Started by Automobile Club.

Automobiles stolen in January and in the latter months of 1919 approximating a total valuation of more than \$200,000, are hidden in private garages throughout this city, according to a charge made yesterday by the Automobile Club of Southern California.

Auto thieves unable to dispose of their plunder because of the vigilance of the police and the club's theft bureau, have decided to cache them and wait until the storm blows over before attempting to market them or drive them to another State, say the authorities.

Of the 168 automobiles stolen here in January, sixty-three were marked as "total losses," not having been recovered up to yesterday, and their approximate valuation is placed at \$75,000. Other cars stolen in 1919 and not yet recovered bring the valuation of "lost" cars to more than \$200,000, the majority of which are believed to be hidden in the private garages rented by thieves in Los Angeles for storage purposes.

Some private garages in this city are believed to be sheltering the \$5000 limousine stolen from Mrs. Louise Kennedy of the Bryson apartments, which disappeared during the night, and which is declared not to have been taken from the city. The license number of this car is 247912 and the motor number is 87-CC-184. Any one with a blue limousine in his private garage with these numbers is asked to notify the Auto Club.

The recovery Saturday night of an expensive automobile belonging to H. W. Plimpton of this city, which was found in a private garage, where it had been hidden since it was stolen in October, has started the club's theft bureau on a search through every private garage in the city from which suspicious reports have been received. According to the owner of the garage at 947 East Twelfth street, two men rented it, stating that they wished to do some repairs on the car. They left the machine there, and after their disappearance the owner notified the club and it was found to be the Plimpton car.

All private garage owners who have rented to persons acting in a suspicious manner are asked to notify the theft bureau or the police at once so that an investigation may be undertaken.

PUSH DEATH INQUIRY.

Police Fail to Find Suicide Motive in Hotel Tragedy.

No motive for the suicide of a man believed by the police to have been Edward Burn, 50 years of age, whose body was discovered yesterday in a room in the Kendrick Hotel at 321 East Second street, could be established by the police who investigated the death. Burn's body with the throat cut from ear to ear was discovered by the proprietor of the hotel early yesterday morning. A small pocket knife was discovered by the investigating officers near the body.

Burn, according to the police, registered in the Kendrick Hotel about a week ago. He gave Los Angeles as his place of residence. According to other roomers in the establishment, he was in poor health. The body was removed from the hotel to the undertaking establishment of J. D. Burton.

MRS. ENGSTRUM AT REST. Funeral services for Mrs. Elizabeth C. Engstrum, wife of F. O. Engstrum, and prominent in many fields of endeavor here, were conducted yesterday in the chapel of E. E. Overholser & Sons, 1254 South Grand avenue, interment at Inglewood was private.

Mrs. Engstrum leaves a widower, a daughter, Mrs. Hugh W. Bryson, and two sons, Fred E. Engstrum and Paul Engstrum.
